

What is this course about?

This is a fun, day-long taster course in drawing for those who may be considering a longer evening or daytime course and would like to try it first.

Aimed at all levels of experience, this course offers a wonderful opportunity to try out a variety of drawing techniques and materials. Over the day, students will be introduced to fundamental drawings skills, including measurement, drawing the figure, and tonal drawing. Alongside this, students will test out more creative techniques such as drawing with charcoal, rubbers, and chalk. This is an intensive, informative, and fun day, which introduces observational drawing skills, creative techniques, and builds towards drawing the life model in the afternoon.

Throughout the day the tutor will lead the class in practical demonstrations to enable students to really understand the skills, materials, and techniques introduced.

For a full listing of all our daytime, evening and weekend classes, please see our website at www.artacademy.org.uk or pick up a prospectus at the college.
