### What is this course about?

This is a fun, day-long taster course in sculpting with clay and plaster for those who may be considering a longer evening or daytime course and want to try it out first.

Spend the morning with the joy of clay to create a small figure sculpture from a life model. In the afternoon mix plaster and other media to make your own creative sculpture. No need to worry if you have nothing in mind.

This is a great opportunity to combine these two basic sculpture skills and techniques. There will be the option to leave your clay sculpture for hollowing and firing for an additional fee and you are welcome to take home your plaster piece.

Throughout the day the tutor will lead the class in practical demonstrations to help you get a feel for the medium and the way it can be manipulated into shape and form. We aim to foster self-certainty and an enjoyment of sculpting in a relaxed yet stimulating environment.

A series of exercises will help you to gain confidence with the materials, which will encourage you to further explore the medium.

For a full listing of all our daytime, evening and weekend classes, please see our website at [www.artacademy.org.uk](http://www.artacademy.org.uk) or pick up a prospectus at the college.

### Are there any other costs? What else should I bring each lesson?

All materials are supplied for this course. Please wear old clothes or bring an apron as you may get messy.
